

HEART

Empowering the People of Africa to Survive and to Thrive Beyond the HIV/AIDS Pandemic

A note from Kenya Director of Operations, Nicholas Kamatu CPA

Hello from Kenya! I want to send you a thank you in kiswahili, Asante! Thank you from the bottom of my heart. Here in Kenya your donations are making a difference! This month I am particularly celebrating that we have a zero dropout rate for girls in one of our Maasai schools for the school term ending August 31st. This is monumental!

Thanks to our Freedom for Girls Project - Keeping the Girl Child in School.

We have prepared and are ready to graduate 14 WEEP women in Kisii next month. These are exciting accomplishments and your partnership is helping to make all that HEART does happen. We are forever grateful for your help. We look forward to sharing more stories of success with you, our friends and partners.

Mungo aku Bariki (God's blessings)

Nicholas Kamatu, CPA
