

## **HEART Programs Accomplishments**

### **Orphan Prevention and Self-Sustainability Projects**

**409** women served by Women Equality Empowerment Project (WEEP) an orphan prevention program providing women living with HIV/AIDS with health care, nutrition, shelter, education, protection, psychosocial support for them and their children, skills and business training to support their own children upon.

**12** women have purchased their own property.

**201** women are active alumni in the project.

**100** women are currently participating in the WEEP project in 8 Counties in Kenya.

**73,946 Malaria prevention nets** made by our WEEP participants and distributed by HEART and our partners throughout Kenya, reaching over **221,838** children and pregnant mothers.

**18 Community Development Organizations** have been supported through HEART. **15** Community Based Organizations (CBOs), **1** CBO graduated to a Non-Governmental Organization (NGO) and **2** Self-Help Groups (SHG) through developing good governance, leadership, financial accountability, management and funding at the grass roots level in the 13 locations that HEART works. **2 CBO's are led by WEEP Graduates!**

**187,671– Girls in School!** Through the Freedom for Girl project a year's supply of sanitary towels, under garments and an educational pamphlet are distributed in various public Schools throughout Kenya. They also receive health education training.

**190** from the remote Maasai Village of Oldonyonyokie have been educated because of the dorm that was built by the community and furnished by HEART. HEART continues to support the dorm girls with monthly upkeep where they are provided with care and protection to stay in school through 8<sup>th</sup> grade. Secondary education fees are paid for those that qualify to continue their education!

In collaboration with APHIAplus Western Kenya **6,943** Orphans and Vulnerable Children (OVC) supported with Shelter, Nutrition, Health, Education, Protection and Psycho social support based on OVC service standards through Kids for School Project.

**2107 OVC support in education** they have been supported with school fees; most are children of women in the WEEP program. We have **2** graduates that are now **medical doctors** serving the nation of Kenya, **1** lawyer and 18 others undergoing various courses about to graduate.

**This is a generational impact made by HEART!**

Over **3,042** children in **1,014** households reached with solar lamps through the Kids for School project in 4 Counties providing light for the children to study and light for the homes. This enhances education, health and provides the family with savings (no more kerosene) is used to charge cell phones as an income generating activity.

The HEART Lodge complements Africa HEART; it has the capacity to house up to **40** guests a day and bed occupancy of over 4,000 guests annually.

The Lodge's profits support Africa HEART programs by providing offices, internet, utilities, security and conference facilities for 12 program staff and 10 Mission staff. We are also currently using our facility for WEEP programming making malaria prevention nets and various WEEP trainings.

**All this is done through HEART Teams and our Partners which include:**

**SEGAL Family Foundation/Women Leaders in Action/Bowman Family / Norris-Rugel  
Charitable Foundation/Imago Dei Fund/Doshi Group of Companies/Rotary Clubs US  
& Kenya/ Lift Up Africa /Public and Private Donors**
